

Overview

Matt brings over 15 years of experience in agency work to his role as Director of Design at Phase2. His excellence with clients, his strategic thinking, his proven UI design skills, and his passion for all things brand make him a key contributor on any project.

Prior to joining Phase2, Matt held various creative and frontend development agency roles, most recently as the Creative Director at Unleashed Technologies. He is passionate about design systems, establishing engaging web experiences, and bringing clients' brands to life in the digital space.
